

BCS PROPERTIES is hosting a **COMMUNITY SHRED DAY** on March 27, 2021, between 9 and 1 at 9560 FM 830 (across the street from Panorama). Due to COVID we cancelled this day last year and hope to see you. It will be strictly a drop off where you will drive up and hand your shredding to the attendant with the shred company. You will be asked to wait until your shredding has been taken before leaving. Shredding will take place on site!

WHY SHRED PERSONAL DOCUMENTS?

Rifling through trash cans for personal information is on the rise and is a common tactic of identity thieves. Shred sensitive materials to minimize your risk. Before discarding them, cut up expired credit and identification cards, bank and credit card statement you no longer need, charge receipts with your account information insurance forms, physician bills and the like.

We will only be offering paper shredding this year. No small electronic destruction!
